ABOUT ME

Hello I am Ashiedu Bamisere Michael, I am a UIUX Product Designer and Front-End Web Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. I have skills in HTML , CSS, Javascript and FIGMA PROTOTYPING & DESIGNS. Am ready to apply my passion for coding to a talented engineering team to design and develop quality Web and mobile solutions.

WORK EXPERIENCE

Shawnautos

Volunteer, internship | Web developer
Lagos , Nigeria
2020-05-01 | Currently working here

I designed and maintained the company website making it turn visitors to customers. I also ensure that the company site meet user expectations by ensuring the site look good, run smoothly and offer easy access points with no loading issues between pages or error messages. I also work with other team members to create website layouts.
